# **PERSONALITY DEVELOPMENT & CAREER COUNSELING PROGRAMME**

**COMMISSIONER OF YOUTH SERVICES &  
MANAGING DIRECTOR, APSTEP, VIJAYAWADA**

# INITIATION

- An orientation programme to the youth to get them well acquainted with higher educational opportunities and career opportunities available to them after completion of present studies.
- Youth will be given counseling for development of their inner personality to build confidence to achieve their goals.
- Counseling will be given to youth, both students and also dropouts on how to face the interviews and to develop communication skills.
- Guidance will be given to 9<sup>th</sup>, 10<sup>th</sup>, Inter, Polytechnic, Degree & PG Students to properly direct them to make right career path.
- During the orientation programme, students of High School and Colleges will be given guidance on how to develop positive thought, which helps them to develop a good personality. A Person with good personality achieves his/her dream goal successfully.
- For all these programmes expert Psychologists / Counselors will be engaged to motivate the youth on leadership qualities, team work, character building, inter-personal skills, personality development etc.,

# PERSONALITY DEVELOPMENT

## **PERSONALITY DEVELOPMENT**

Personality is characterized by the pattern of behavior an individual exhibits towards reality. Initiative leads to success; Initiative is the nature of one's ability to start anything without being told is called Proactive.

Pathways to success : "Do what you love. Find ideal work-Dream big". Visualize yourself experiencing pleasures that excite you. Picture it in your imagination. Try from this moment to make them come true. Formulate a clear course of action. You can change your destiny.

Personality development helps you gain recognition and acceptance from the society as well as people around. Personality development plays an essential role not only in an individual's professional life but also personal lives. It makes an individual disciplined, punctual and an asset for his/her organization.

Personality development is ever-changing and subject to contextual factors.

### **Some tips to help you:**

Influence your mind with determined thoughts. Believing that you will be a winner, will give you success. The feeling of not being able to achieve success only makes you feel defeated. Your victory depends on your state of mind. Be what your mind feels. That's how it works.

- Choose good friends. You can share your problems with them.
- Start your work with a good idea; it will lead you towards success.
- Always be active, that will empower you
- Decide exactly what you want; your goal, put them on paper, set due dates, write down the tasks to be done. Create a plan, execute the plan of action everyday, Do the work regularly, Take action accordingly.
- Every minute spent on planning, will save time in long period. Prepare the list of things to attend immediately today and tomorrow.

1. Also prepare the daily list for the entire week and the monthly list for the total Year. Add the unfinished tasks of today to tomorrow's list.
2. In the same way, the tasks unfinished this week should be added to the "To Do List" of next week and the tasks left to be done this month should be added to the "To Do List" of next month.
3. Identify the skills that are needed to raise you above others in your field in the future.
4. Focus on developing your strengths in your desired areas. Prepare the action plan required. Then implement it. You should strive to be the 'best' in everything you do.
5. Being honest and taking responsibility for your actions are admirable qualities. Adaptability and affability are great qualities that can help a person to get along well with others. Bring positivity in your outlook.
6. Drive, determination and persistence can help keep a person going no matter what.
7. Confidence in you shapes up the personality to achieve the desired goals.
8. Try to control your emotions and try to impress others by being healthy and smart. Don't get discouraged by small failures and try again and again.
9. Sacrifice anything for achieving a goal. Greed, mistrust, hatred, lying, vindictiveness... these things should not enter the mind under any circumstances.

# CAREER COUNSELING

## CAREER COUNSELLING

Career counseling is a domain of counseling that focuses on helping individuals find the right career pathway. In career counseling, the individuals receive guidance from professional counselors that provide expert advice on the potentials, aptitude, skills and shortcomings with the use of carefully designed assessment tools. These assessment tools are both subjective and objective. After carefully studying the individual's Interests and Aptitude, career counselors guide individuals to set their career goals.

Career counseling works along a systematic pattern. It determines the individual's strengths, weaknesses, learning patterns and their interests. Usually, tools like fingerprint testing, Aptitude test, IQ or Interest tests are used to understand the individual. Based on the reports, the counselor then works along with the individual to find for a potential career choice. From helping to choose the right board, course, college to choosing the right job, the counselor guides the individual in mapping the entire pathway to the desired goal.

### Significance of Career counseling:

Due to the increase of numerous career options, career counseling has become an essential part of people's life. Students after completing their 10th are often indecisive of what to do further. This indecisiveness could be a result of social pressure, lack of parental guidance, multiple career options and ignorance of personal potentials etc., Career Counselors cater to these issues effectively. Although career counseling is vital to all age groups, teenagers can benefit most from it. Besides students, career counseling also caters to employees who have already chosen a career and are not satisfied with it. These individuals are redirected towards their goals and are given insight into their professional orientation. Career counseling also links students to experts who represent as models to encourage and positively support the students. Factors like life satisfaction, self-efficacy, happiness etc., are all co-dependent to job satisfaction. Therefore, a lot of importance is given to career counseling.

### Educational counseling for Professional courses:

Often, it has been witnessed that students enroll for a course not knowing exactly what it offers. Their fancy names, peer pressure and popularity push the student to opt for the course. Although many parents are being aware of the need of guidance and career counseling, there are still a few parents who force their children to opt for conventional courses.

Thus, career counseling assists the student to choose the right course that matches with his/her skills to maximize self-satisfaction and finest performance.

Career Guidance is the guidance given to the individuals to understand their skills, abilities and potential that is important to choose the right career path.

Career guidance after 10th and career guidance after 12th are very important as these are the crucial turning points in a students' life.

### **VARIOUS EDUCATIONAL OPPORTUNITIES:**

In today's era of globalization, there are many educational opportunities for students who have completed Intermediate and Degree. What are the other courses available apart from engineering and medicine? What are the top colleges available for higher studies? Similarly, what path should a graduate take? A special focus on educational opportunities to educate the student on career decision-making matters such as...

#### **1. Finance Accounts**

Courses that give good future to students who are interested in finance and accounting... Chartered Accountancy, Company Secretary, Cost Accountancy Courses etc., which can be done after Intermediate. Institute of Chartered Accountants of India, New Delhi, Institute of Company Secretaries of India, New Delhi, Institute of Cost and Works Accounts India, Kolkata are the Institutes available to pursue the courses.

#### **2. Engineering**

In terms of engineering education, there are prestigious institutes like Birla Institute of Technology & Science (BITS), Pilani, IITs, IIITs, Regional Engineering Colleges. Admission in engineering colleges is done on the basis of entrance examination. For admissions in engineering colleges in the state, the student has to write EAMCET examination, which is usually held in May/June every year.

#### **3. Agriculture**

In our state, Acharya NG Ranga University and its affiliated colleges give admission to students based on merit in EAMCET. This university offers graduate courses in Agriculture, Horticulture, Veterinary Science, Home Science etc. It includes PG, Ph.D. level courses. Girls who have passed Intermediate can opt for Home Science course.

#### **4. Computers and IT**

Undergraduate courses in related subject are available for students who want to enter computer and Information Technology fields.

## **5. Medical**

Many dream of becoming a doctor from childhood. The reason for this is the respect and recognition of this profession in the society. In our state, admission is available in MBBS, BHMS, BVSc, BAMSetc., on the basis of EAMCET rank.

Eligibility: Pass in Intermediate or equivalent examination.

Major Medical Institutes: All India Institute of Medical Sciences (AIIMS), Jawaharlal Institute of Post Graduate Medical Education and Research (JIPMER), Autonomous State Medical College, Firozabad, UP, Christian Medical College (CMC), Vellore etc.

## **6. Law**

In the recent times, youth are interested to pursue "Law" course. The main reason for this is that law provides multi-faceted opportunities. Admission will be done through LAWSET in the state. National Academy of Legal Studies and Research (NALSAR), Hyderabad is one of the prestigious institutions to pursue Law Courses.

## **7. Mass communication Courses:**

Certificate, Diploma, undergraduate and post graduate level courses are available in our country to pursue journalism, advertising and public relations. The respective institutes provide admissions based on merit and entrance exams.

## **8. Fashion designing Courses:**

The famous names we hear in the field of fashion design are National Institute of Design (NID), Ahmadabad, National Institute of Fashion Technology (NIFT), which offer certificate, diploma and undergraduate courses based on merit and entrance exams.

**Eligibility:** Inter, Degree

## **9. Management Courses:**

In today's era of globalization and liberalization, management education has become like a hot cake. No matter what branch you study in the degree, after doing MBA you can be one step ahead in the job market. Management graduates from top Business Schools like Indian Institute of Management/Indian School of Business earn salaries in lakhs. MBA admission can be obtained in various universities and affiliated colleges in the state through ICET. This ICET usually takes place in May.

### **National level management entrance exams**

- Common Admission Test (CAT)
- Indian Institute of Foreign Trade – IIFT, New Delhi
- Faculty of Management Studies - SMS, New Delhi,
- S.P. Jain Institute of Management and Research (SPJIMR), Mumbai.
- Tata Institute of Social Sciences, (TISS) Test Mumbai. .
- Management Aptitude Test - MAT.

### **10. Arts and Humanities**

Social Work, Sociology, Rural Development, Mass Communication, Public Relations, Media Management etc., comes under Arts and Humanities. The prospects of Arts and Humanities students in media and other courses are also promising. Those who have studied Social Work, Sociology, Rural Development and other courses are getting jobs in government agencies, voluntary organizations and other development organizations.

### **Universities offering courses:**

Andhra University, Acharya Nagarjuna University, Sri KrishnaDevaraya University etc.,

### **Some other career opportunities available in the fields are:**

#### **1. Insurance**

Insurance is one of the sectors which have amazing opportunities right now. Those who have the ability to explain and convince the public about the schemes and the benefits can grab the ample opportunities available in the field. Life Insurance Corporation of India and State Bank of India are major public sector companies under the government control. Tata-AIG Life Insurance, Birla, ICICI, Reliance, HDFC, Bajaj Allianz etc., are the well-known companies in the private sector companies.

#### **2. Multimedia:**

Multimedia is a field that offers good salaries and ample opportunities. Those who have done these courses have number of opportunities in electronic media.

#### **3. Hospitality:**

Hospitality is one of the fastest growing fields. Those who have done Hospitality Administration, Travel Tourism Management courses etc., have good opportunities in this field. With 10th class, Intermediate and Degree

qualifications one can do various Diploma and Certificate courses to get employment/self-employment.

#### **4. Call Center:**

Call center sector is famous with vast opportunities. The doubts asked by the customer have to be resolved over the phone. One should speak politely and sensitively and understand what others are saying. After completing graduation (sometimes opportunities are available at intermediate level only) those who have good command over English language and communication skills have good job opportunities in this field. Especially phone etiquette can take-up the job.

#### **5. Journalism**

Journalism is a rapidly expanding field. Currently this sector is in high demand. Huge salaries are available to those who opt this field as a career. Number of opportunities are available both in print and electronic media.

#### **6. Commerce:**

In every commercial business and industrial organization, there is a great need for skilled Accountants to manage the accounts. Post Graduate courses like M.Com. (Corporate Secretary), M.Com (Information Systems), Master of Finance Management is of high demand.

#### **7. Sciences:**

For decades, endless courses are emerging in the science and technology and this is due to the increase in scientific researches worldwide day-by-day. Mining, underground resources, environment etc., are the few examples.

#### **8. NanoTechnology**

Another rare opportunity for Intermediate Science students is Nano Technology. Five Year Integrated M.Sc. (Nano Technology) courses are available at different Universities of the state.

Different Career opportunities available are discussed above and information is given for the Career Guidance of the youth for further studies i.e after completion of SSC/Intermediate/Degree. Some more opportunities available in addition to the above courses are also given below for information.

**CAREER OPPORTUNITIES&HIGHER  
EDUCATION OPPORTUNITIES  
AFTER  
SSC,INTER,DEGREE,POSTGRADUAT  
ION&OTHERS**

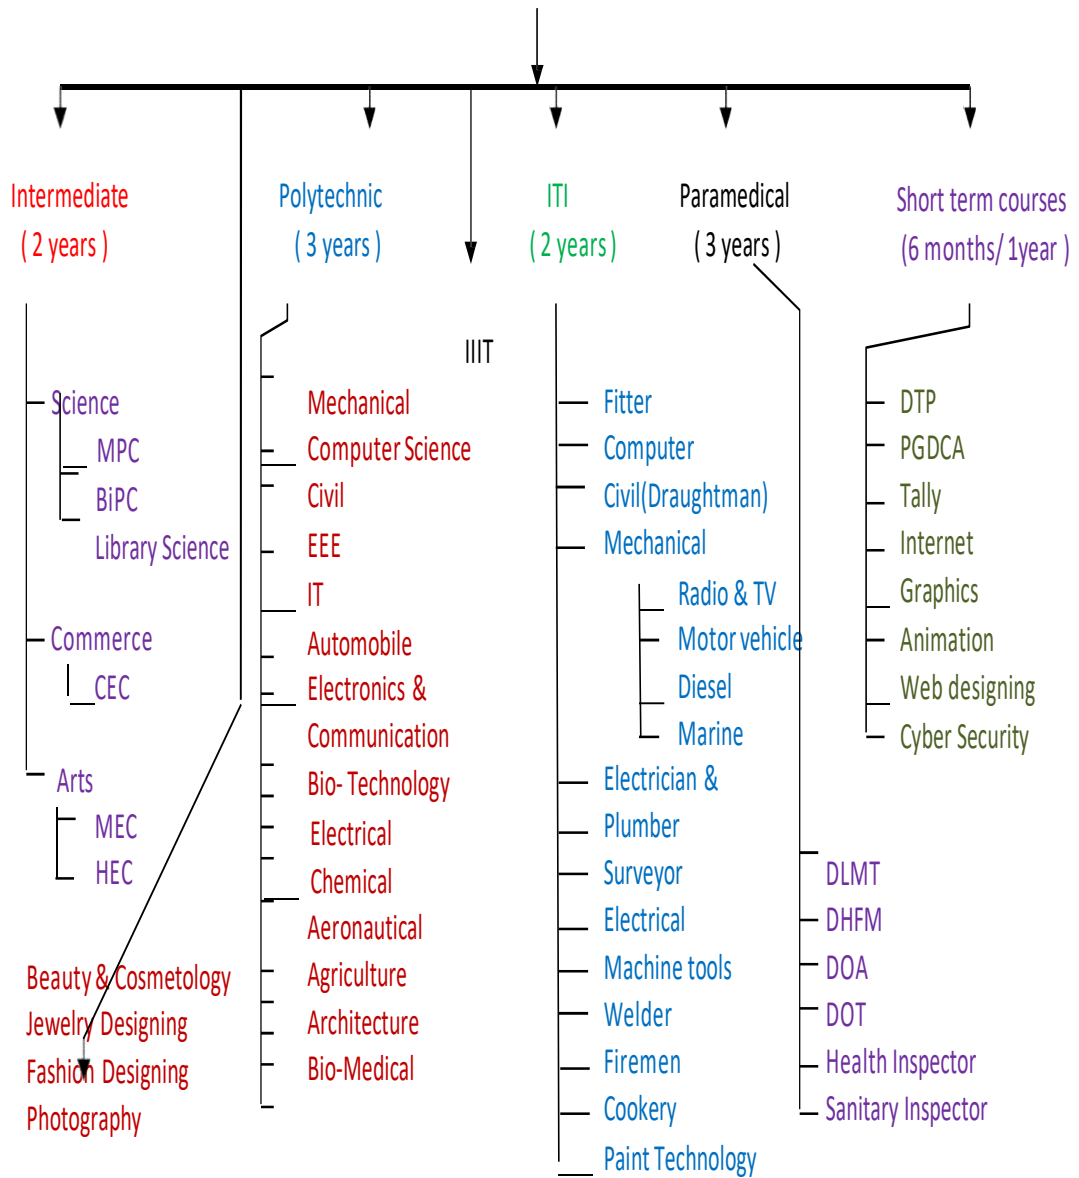

## Career opportunities & Guidance for further studies

### STUDY AFTER COMPLETION OF SSC/INTERMEDIATE /DEGREE

#### 1.After completion of SSC:
